

JOB DESCRIPTION

Job title: Trainee composite technicians

Department: Composites

Location: Milton Keynes

We are currently recruiting for trainee composite technicians at our composites facility in Milton Keynes. This is a rare opportunity for someone with no previous experience to join our new training scheme. If you are looking for a career change or want to learn a new trade this may be the role for you.

Prodrive has been competing at the highest levels of motorsport for more than 20 years and has been recognised as one of the world's most successful motorsport businesses. You would be joining a fast paced team and could be working on some of Prodrive's motorsport ventures such as Aston Martin racing cars as well as exciting new aerospace work.

Working at Prodrive can be demanding, but is undoubtedly rewarding. The company brings out the very best in people and in return gives them an environment where they can develop their skills to the full.

If you think you have what it takes to work with one of the world's leading independent motorsport and automotive technology companies, then we would like to hear from you.
