

QUALITY

POLICY STATEMENT

At Prodrive Advanced Technology and Prodrive Engineering Ltd we are committed to providing high quality, innovative and cost-effective products and services that beat the competition and make us the business partner of choice.

Customer satisfaction and regulatory compliance are the baseline from which we expect to deliver.

In order to maintain customer satisfaction and operational efficiency, our objectives are:

- to deliver quality parts that meet or exceed customer expectation
- to deliver on time in line with customer requirements
- to deliver within the prescribed budget.

Performance against these objectives will be reviewed and improvements will be measured using key performance indicators relevant to the organisation.

Our quality management system will be controlled through clear, documented processes and procedures that will fully meet the requirements of ISO 9001:2015.

We are committed to continuously improving the effectiveness and efficiency of our processes within our integrated management system, which carries our responsibility for customer satisfaction throughout the supply chain and our stakeholders.

Meeting these business objectives requires our commitment to the finest practices in innovation within automotive, motorsport, aerospace, and defence, striving for continuous improvement in everything we do.

Tim Colchester
Chief Operating Officer
